Summary

I have a technical support background then transitioned to become a designer with work showcased internationally. I'm extremely passionate about surfing and design; they are both challenging, allow for artistic expression and creative freedom. I'm a self-motivated, outgoing individual who is capable of meeting deadlines while working independently or as part of a team. I have excellent presentation and communication skills with the ability to communicate effectively with key stakeholders to create enjoyable user experiences and easy to use products for the web and mobile.

Design skills

I provide a number of experience design skills including wireframing, rapid prototyping, design thinking, user research, user interviews, usability testing, information architecture (IA), user flows, dashboard design, mobile app design (iOS/Android), web app design, product design, user experience (UX) design and user interface (UI) design.

Motivation

People: Great team culture where people have fun together while creating amazing work
Projects: Exciting projects where team members collaborate and continue to learn
Process: Design/Technology/Business collaborating together to deliver great products
Problems: Solve problems for customers while generating revenue for businesses.

Qualifications

2008 - 2009: Diploma of Interactive Design, Natcoll Design Technology

1997 - 1998: Diploma in Business Computing, Universal College of Learning

UX Certification

2019: Conducting Usability Testing, Interaction Design Foundation

2019: Accessibility: How to Design for All, Interaction Design Foundation

2018: UX Management: Strategy and Tactics, Interaction Design Foundation

2018: User Research – Methods and Best Practices, Interaction Design Foundation

2018: Design Thinking: The Beginner's Guide, Interaction Design Foundation

UX Certification

Design: Figma, Sketch and Adobe CC (Dreamweaver, InDesign, Illustrator, and Photoshop)

Guidelines: iOS Human Interface Guidelines (Apple) and Google Material Design (Android)

Prototyping: InVision and Miro

Code: WordPress, HTML and CSS (working knowledge to collaborate with developers).

Interests

Surfing, skateboarding, drums, studying, kayaking, sailing, photography, yoga and travel.
